

THE GETTYSBURG TIMES.

SEVENTEENTH YEAR

GETTYSBURG, PA., THURSDAY, AUGUST 21st, 1919.

PRICE TWO CENTS

MANY ORDERS FOR CANNED GOODS

Wednesday Brought Many Orders for Uncle Sam's Groceries.

WILL CONTINUE TO SELL

Influx of Food Expected Early Next Week. Will Mean Work for the Force.

Wednesday saw another big day at the local Post Office. Many housewives took advantage of Uncle Sam's grocery stores and orders for the surplus army foodstuffs continued to pour in. Orders from the rural districts were few, the majority coming from Gettysburg.

Total sales to date closely approach the \$1,000 mark. Bacon, canned goods, corn, peas, beans and tomatoes continue to lead the list in popularity. The heaviest demand was for vegetable soup, the only kind that the government has for sale. Dried beans and rice sold readily in 100 pound bags, many patrons buying these commodities in large quantities on the partnership basis.

More than 200 cases of canned goods were ordered as well as nine cases of bacon. The total of fifty nine orders ranged in value from \$4.15 to \$50, the limit which any one person may buy at one time.

The announcement that orders for army supplies would be taken on Monday, Tuesday and Wednesday only, has been changed and orders will be received until the quota allotted to Gettysburg is exhausted.

Many articles listed on the original subsistence sheet had no quotations given. These have been sent for and the exact quantities that may be ordered. A number of articles on the list have been cancelled and no further orders will be taken for them. Milk, flavoring extracts, syrup, cereals and raisins have been stricken from the sheet because of the small stock on hand. There is, however, a large supply of the staples in the various government warehouses that are still available.

It is expected that the food ordered will arrive the early part of next week and the local Post Office force is making arrangements to rush the delivery, although the carriers are looking forward with no enthusiasm to the influx. It will mean extra duty for all of the employees.

While Uncle Sam's soldiers here are not enthusiastic to renew their acquaintance with army rations they testify to its wholesomeness, with one exception "corned willy", and even that, they say, is not bad once in a while. "It's a different proposition when you have to eat it three times a day, cold, for many days, and finish the meal with hard tack", one ex-soldier said.

ADVISORY BOARD COMING

Eagle Silk Company Men Expected here in Few Days.

Word has been received by the local Chamber of Commerce that the advisory board of the Eagle Silk company which is contemplating locating a factory here will be in Gettysburg on Saturday or Monday with a contracting engineer to look over the proposed site for the factory. The option on the site, located between Buford street and the railroad, has been extended ten days.

Reorganization of the Shamokin plant following the settlement of the labor trouble there is the cause of the delay in starting the work here, it is said.

COLLECTOR ON VACATION

Office of V. J. Smarsh Will be Closed Fifteen Days.

Deputy Revenue Collector V. J. Smarsh has been granted a fifteen day vacation and his office in the Post Office building will be closed during his absence. Taxpayers who have business to transact with the Treasury Department should address communications to E. Lederer, collector, Philadelphia.

THREE TOWN MEN HELD FOR COURT

Justices of the Peace have Field Day. All Furnish \$100 Bail.

GILBERT HEARING SHORT

Heated Arguments and Emphatic Language Interrupt Case. Fred Haines and Henry Tonsil Held.

Three hearings, each one resulting in the defendant being held for his appearance before the Adams county Court, comprised a greater part of the day's work for Gettysburg Justices of the Peace Wednesday.

One insignificant chicken caused all the trouble between Mrs. Anna M. Tipton and Edward Gilbert, of West Middle street, it was brought out at the hearing before Justice of the Peace Hill at seven o'clock Wednesday evening and which resulted in Edward Gilbert, the defendant, being held under \$100 bail for the action of the grand jury.

The testimony as given by the opposite sides was slightly contradictory and as the hearing progressed more heated became the arguments of those not on the witness stand. Before half of the witnesses were heard the Justice decided he had heard enough and the case was held for court.

According to the testimony a dispute arose between Gilbert and Mrs. Tipton as to the ownership of a chicken and then without further provocation, says Gilbert, the plaintiff called to a neighbor, saying, "Come down here and see the chicken thief," and proceeded to call him a chicken thief embellishing her remarks with emphatic adjectives.

He admitted that he replied in equally as forceful language until both parties became so enraged that broom sticks were brought into play. Whether or not any blows were struck was not clearly brought out. Gilbert claims Mrs. Tipton was the assailant in the affair in which he is charged with assault.

Several of the witnesses agreed with Justice Hill that the section in which both parties live was a wild one.

Fred Haines, who lives on an alley in the rear of South Baltimore street, was held for court under \$100 bail at a hearing before Squire Hill Wednesday on the charge of cruelty to dumb animals. Haines was arrested Sunday afternoon by Officer Fox who charged the man with brutally beating a horse. Again the Justice decided it was a matter that should be heard by the court. The defendant furnished bail.

Charged with striking Elijah Crump, Henry Tonsil was given a hearing before Justice of the Peace Apple Wednesday afternoon and was held for court under the customary \$100 bail. Trouble between Tonsil and Crump arose in church, it is said, where the two boys engaged in a heated argument. It was not until Monday noon, however, that the alleged assault took place. Both parties are residents of the Third Ward.

SITUATION QUIET

No New Developments in Waynesboro Strike.

There is no change in the situation at any of the Waynesboro factories involved in the strike. All remain closed and shut down tight as they were Tuesday morning. The foundry gangs, the last to leave on account of metal yet to pour for the day quit and joined the other striking workmen. Not a wheel is turning anywhere.

The office forces alone remain on the job. There will be no laying off of clerks and other employees in those departments, say the factory managements—at least not for some little time, as there is back work to do and get up to date.

PARTY POLITICS NOW TAKE FORM

Many Seek to be Commissioner. Nineteen in the Field.

SOME OFFICES GO BEGGING

Many Township Jobs for Which there are no Candidates. Warm Fights at Primaries.

Final tabulations taken from the file of petitions at the Commissioner's office for the various county offices to be filled at the coming election show that twenty six Republicans seek nominations for the nine positions and that thirty Democrats are in the field.

A survey of the list also reveals the fact that there are many township offices for which there are no candidates. There are probably a hundred vacancies of this kind in the townships, largely, of course, in the minor offices of judges of election, supervisors and auditors. Many of these vacancies, however, will be filled at the primary election when certain voters will write in the name of a candidate they want on the ticket and thus nominate him.

If after the primary elections are over there are still some vacancies, the process of writing in will be used at the general election and in this manner all offices will be filled.

The following list of Republicans and Democratic candidates who have filed for the county offices show that there will be several warm party fights at the primaries:

Republican

Sheriff—J. W. Hartman, Gettysburg, and C. J. Deardorff, Franklin township.

Register and Recorder—H. T. Stauffer and W. J. Eden, both of Gettysburg.

Prothonotary—G. Harry Roth, Gettysburg.

Clerk of the Courts—H. C. Stock, Reading township.

District Attorney—Raymond F. Topper, Gettysburg.

Treasurer—C. H. Wilson, W. D. Gilbert and Roy Zinn, all of Gettysburg.

Commissioner—E. C. Keefer, York Springs; W. H. Stock, Mt. Pleasant township; Jacob E. Taylor, Arendtsville; J. W. Spangler, Mt. Joy township.

PRICE IS DOUBLED

Costs More Now to Get Notaries Licenses.

Along with the increase in cost of every thing else the cost has advanced here for the securing of licenses to operate motor vehicles. Notaries Public and Justices of the Peace have served notice that "owing to the increased amount of data required by the new Acts of Assembly relative to the registry of 'Used Motor-vehicles', and the registry of all cars for the year 1920, together with the necessary time required for filling out said applications, we will charge the sum of fifty cents each for preparing and executing said application." This is double the former price.

FLOATS TO BE ONE PARADE FEATURE

Town and County Merchants will Co-Operate for Celebration.

PARADE COMMITTEE BUSY

Arranging for Bands. Prizes for Best Floats. Tentative Program for Welcome Home.

One of the big features of the Welcome Home Celebration for the soldiers, sailors, marines and nurses of Adams county will be the mammoth street parade which is scheduled to take place Monday afternoon, Labor Day, at 2:30 o'clock.

Every merchant in the entire county has been asked by the Parade Committee to send a float for that section of the procession. Every car owner is requested to decorate his machine in red, white and blue, come to Gettysburg and join in the largest street carnival ever staged in the county. A preliminary canvass of the Gettysburg business men shows the plan of the committee has met with instant approval and it is predicted that at least a half mile of floats will make up that section of the parade.

Many county merchants will take advantage of the opportunity to display to the public an attractive float embodying some particular business idea while others will only decorate their trucks and cars to help make the parade a success. Pleasure cars, trucks, motor cycles, carriages, in fact any vehicle is eligible to take part in the procession.

At a meeting on Monday evening the Parade Committee will map out the line of march and decide in what order the various elements of the procession will march. At that time it will also be decided the number of prizes to be awarded for the best floats in line.

Seven bands have already been secured to take part in the activities of the day. They are: Knights of Pythias, Hanover; P. O. S. of A., Hanover; Mount Holly, Taneytown, Gettysburg, Arendtsville and Bendersville.

The following tentative program has been announced by the executive committee:

9:00 a. m.—Meeting of all service men to discuss American Legion.
10:00—Base ball, Kurtz Playground.
12:00—Red Cross Luncheon, Playground.
2:00—General Assembly, followed by Parade and Address.
6:00—Luncheon.
7:00—Band Concerts.
8:00—Dance, Xavier Hall.

McILHENNY'S AND KINGS PICNIC

Ninth Annual Reunion of Well Known Scotch-Irish Clan.

The ninth annual reunion of the McIlhenny-King families was held Wednesday at the Conewago Presbyterian church. Two hundred of the clan assembled in the grove for this family meeting.

No more successful reunion has ever been held by this old county family. A faultless summer day aided greatly in the success, and nothing marred the pleasure for all present.

After a cordial greeting and a period of social intercourse, a sumptuous luncheon was served, consisting of viands, such as only the Scotch-Irish can prepare and enjoy.

Following the luncheon an interesting program was rendered in the old Conewago Kirk. The meeting was called to order by the president of the association, W. A. McIlhenny, of Gettysburg. The program: singing, "How Firm a Foundation"; prayer, Rev. Mr. Smith, pastor of the Great Conewago church; reading of minutes by secretary; remarks by President McIlhenny; report of the McIlhenny-King book by Wm. Arch McClean, the McIlhenny-King book is the family history, the McIlhenny portion was compiled by Dr. John A. Himes; the King portion by Wm. Arch McClean; singing, "Auld Lang Syne"; address, Victor King McIlhenny, of New York City, N. Y., who told many anecdotes of the King family; address, Prof.

(Continued on Fifth Page.)

ALL members of W. C. 414 P. O. S. of A. are requested to be present at the regular meeting on Thursday evening at 8:00 p. m., to make final arrangements regarding the turning out in parade on Labor Day.—advertisement 1

SCHOOL BOARD'S ANNUAL REPORT

Financial Statement Given by Treasurer for Last Year.

NEW SALARIES NOT FIXED

Gettysburg Teachers have all Returned Contracts. Many Vacancies in the County.

A report just issued by I. L. Taylor, treasurer of the Gettysburg School Board, shows that it cost \$38,537.02 to carry on the education of the boys and girls of school age in town schools from July 1, 1918 to July 1 of this year. The above sum is the total expenditures of the board and includes teachers' salaries, books, supplies, fuel and miscellaneous expenses.

Receipts in the hands of the board for the year according to the statement amount to \$38,929.24 leaving a balance of \$392.22. Of this sum \$19,367.78 was received from the tax duplicates of 1915, 1916, 1917 and 1918. The tuition paid by pupils living outside of the borough and attending the High School or grade schools amounted to \$2,764.70. All of this sum was not paid by individual students, part being contributed by various township boards who sent students.

The State appropriation, vocational, regular and high school appropriation, totaled \$5,958.66. These items comprise the chief source of revenue. The balance at the beginning of last year was \$1,162.50 while this year the board will have less to start with and the problem of paying the increased teachers' salaries, authorized by the recent enactment of the legislature, must be solved. The exact amount of each teacher's salary may not be announced until the September meeting of the board. The total amount paid out last year in teachers' salaries was \$17,269.65 and it is estimated by those who have studied the law that it will mean at least \$3,000 more must be set aside for salaries this year.

There are no vacancies in the Gettysburg schools. Every teacher has returned the signed contract, although a few did so hesitatingly not wanting to sign until they knew definitely the salary for the year. This is not the case in the county where many school boards are actually begging for teachers and it seems likely that more rural schools will remain closed during the coming year than was the case when the war was in progress.

Practically all of the Gettysburg teachers who attended summer schools at colleges and universities have returned and are awaiting the gong that will announce the beginning of another school session.

BULLET PIERCED HELMET

Abbottstown Officer in 79th Division Returns Home.

Lieutenant Harry W. Gross received his discharge at Camp Dix and returned to his home, near Abbottstown, Tuesday evening. Lieutenant Gross was a member of the 79th division, and when the division returned to the United States, he was transferred to another company. Mr. Gross brought with him his helmet, which had a hole pierced through the top by a bullet while in action in the Argonne forest.

RURAL CARRIERS ASK MORE SALARY

York and Adams Men will Discuss Matter here Saturday Evening.

BROOKS MAY BE PRESENT

Difficulty in Securing Substitutes Question to be Considered. Organization Active in this District.

A meeting of the rural carriers of Adams county will be held at the Eagle Hotel, Gettysburg, Saturday evening, to discuss communications recently received from the joint congressional commission that has been created to investigate salaries of postal employees and recommend suitable adjustments.

Questionnaires will be distributed to all postal employees by this commission in order to secure the desired data and information. Copies of the questionnaires that will be sent to all rural carriers have been received by the carriers of this congressional district, and the meeting in Gettysburg will discuss ways and means of systematizing the testimony to be submitted by the carriers.

A similar meeting of the carriers of York county will be held in City Hall, York, on the following Saturday evening. Every carrier in both counties has been notified to be present at these meetings, and large attendances are expected.

It is understood that Congressman Brooks may attend those meetings to acquaint himself with the salary and working conditions of the carriers. A delegation of rural carriers, city carriers and post office clerks recently visited the congressmen at his York office and presented statements and claims.

One of the most serious difficulties experienced by the rural carriers is the inability to secure properly qualified substitute carriers to take their places while off duty. The reason for this is because substitutes are shown no preference in filling vacancies that occur on these routes, thus holding no incentive for men and women to serve as substitutes.

An effort will be made to secure preference for the substitute carriers, as well as to secure better salaries for them. The joint commission has announced that it will receive testimony from substitutes, and every substitute carrier in the district should also be present at these meetings.

This congressional district comprises the largest local association of rural carriers in the United States, and the work of this association usually forms a criterion for other counties and districts to pattern after. The creation of this joint salary commission has given organization work a decided boost, and the local organization is nearly one hundred per cent in point of membership.

HAS NO POWER TO DECLARE PEACE

Says President Wilson Until Peace Treaty is Ratified by the Senate.

EXPLAINS THE PROVISION

Normal Conditions will Return When Peace Document has been Accepted is his Opinion.

(By Associated Press)

Washington, August 21.—The President has not the power to declare peace by proclamation nor could he consent in any circumstance to take such a course prior to the ratification of the formal treaty of peace by the Senate. President Wilson so wrote Senator Fall to-day in answer to one of the twenty written questions the Senator presented at the White House conference Tuesday.

Replying to that question, the President said the provision of the treaty that it should come into force after ratification by Germany and three of the principal associated powers operated merely to establish peace for those ratifying powers and that it was "questionable whether it can be said that the League of Nations is in any true sense created by the association of only three of the Allied and Associated governments."

As to the question of when normal conditions might be restored President Wilson said he could only express the confident opinion that immediate ratification of the treaty and the acceptance of the covenant of the League of Nations as written would "certainly within the near future reduce the cost of living" both in this country and abroad through the restoration of production and commerce to normal.

To Senator Fall's question relating to the disposition of Germany's possessions the President said the arrangements of the treaty conveyed no title to the Allied and Associated powers but merely "intrusted disposition of the territories in question to their decision."

"Germany's renunciation in favor of the principal Allied and Associated powers," the President continued, "of her rights and titles to her overseas possessions is meant similarly to operate as vested in those powers a trusteeship in respect as to their final disposition and government."

STOCK REPORT

Strike Vote Cancels Early Rally in Steel on Market.

(By Associated Press)
New York, August 21.—Although sterling exchanges strengthened and leaders in the steel industry were inclined to minimize the importance of the strike vote the stock market soon cancelled its early rally to-day. Equipment, motors, and subsidiaries, tobaccos, leathers, food and chemical shares were depressed two to seven points by shorts. United States steel forfeited its one point gain duplicating yesterday's low and Crucible reacted two points. Shipping and rails also declined.

SENATORS TALK ON COMPROMISE

Conference on Treaty with President now Discussed in Senate.

REPUBLICANS ARE COOL

Administration Side Introduces Subject and Meets with Cold Response from Republican Leaders.

Washington, August 21.—The first open move for a compromise in the League of Nations fight has come from administration quarters. It is embraced in a proposal that the Senate adopt interpretative reservations, but that they be kept apart from the actual ratification of the treaty.

The overture met with no immediate success on the Republican side of the chamber, senators of the Republican reservation group declaring they could not recede from their position, that to be effective the reservations must go into the ratification itself.

Republicans Back

Senator Pittman, of Nevada, a Democratic member of the Foreign Relations Committee, presented the compromise proposal in the form of a resolution embodying in effect the four reservations agreed on by seven Republican senators and declaring them to constitute the Senate's understanding of disputed points in the covenant.

In the Republican draft, however, it is expressly provided that the reservations "be made a part of the treaty by the instrument of ratification," a proviso which Senator McNary, of Oregon, and others of the group of seven Republicans said they considered absolutely necessary if enough Republican votes are to be gained to secure ratification of the treaty.

To overcome this objection, Senator Pittman proposed, in a speech in the Senate, that the resolution be adopted at once and submitted to the other powers, who will be represented on the league council. A general debate developed, during which Senator Borah, Republican, Idaho, and others took exception to President Wilson's distinction between moral and legal obligations under the covenant as expressed in Tuesday's White House conference between the President and the Foreign Relations Committee.

Based on Wilson's Views

Although Senator Pittman said he had not submitted his resolution for the President's approval, he asserted that it carried into effect Mr. Wilson's views on the subject of reservations as expressed to the committee Tuesday. He indicated his firm belief that the administration would go no further toward a compromise because it feared that inclusion of the reservations in the ratification would reopen the negotiations with Germany.

Leaders of the McNary group, nevertheless, insisted they had information that in the end their plan would have Democratic support.

In his argument that reservations should not be incorporated in the ratification, itself Senator Pittman declared that Germany was awaiting an opportunity to attach "hundreds of reservations and that to reopen the subject would submit the United States to an endless risk." His resolution went over without action.

Obligations Debated

Questions by Senator Borah turned the debate to a discussion of the moral and legal obligations assumed under Article 10 of the covenant, by which the members agree to preserve one another's territorial integrity against external aggression. The article, Mr. Pittman said, had no legal force "because it doesn't carry the essentials of a contract."

SUN TIME IN OCTOBER

Daylight Repeal Becomes Effective at that Time.

Washington, August 21.—Repeal of the daylight saving law which now takes its place among the very few which have been passed over a Presidential veto becomes effective after the clocks are turned back to normal in October. It will go down in legislative history as one of the very few measures which have twice been vetoed by a president and became a law after all by the vote of more than two-thirds in both houses of Congress.

MOBS KILLS NEGRO

Man Charged with Assaulting Woman Shot to Death.

Louisburg, N. C., Aug. 21.—Walter Elliott, a negro, who is alleged to have assaulted a farmer's wife, was shot to death last night by a mob of armed men. After the shooting the body was carried to the scene of the crime and swung on a tree in a country church yard.

Elliott was taken from Sheriff Kearney two miles from here while he was taking the negro to jail.

SENT TO ARMENIA

LIEUT. COL. J. G. HARBORD

General Harbord, it is believed, will be in charge of the administrative forces in Armenia if it is brought under American protection. General Harbord has been General Pershing's chief of staff in France and now he's sent to Armenia to study conditions for the United States.

IRON MASTER LOST HIS WISH

Instead of Dying Poor Carnegie Leaves Estate of \$50,000,000.

New York, August 21.—Andrew Carnegie, iron master and philanthropist, who years ago announced his determination to give away his huge fortune and die a pauper, left an estate of approximately \$50,000,000, it was learned here Wednesday night. The will, it was stated, will be filed for probate next week.

The document, which is said to contain about 4,500 words, mentions a score of personal friends and retainers of the dead financier who will receive "moderate legacies." Mrs. Roswell Miller, only daughter of the steel king, who recently was married to an ensign of the Navy, is not a large legatee, it is said, having been handsomely provided for in her marriage "dot."

The approximation of \$50,000,000 as the estate's value was given out by a member of Mr. Carnegie's family, said that the figures were based upon the last income tax return filed by Mr. Carnegie.

Many persons who had been lifelong friends of Mr. Carnegie, and in whose welfare the philanthropist was known to have a deep concern, are said not to be mentioned in the instrument. It was in the interest of these friends and proteges, according to relatives of Mr. Carnegie, that the Home Trust Company, of New Jersey, named as executor, was founded in 1901, and these persons will continue to receive their stipulated pensions for life from a fund placed in the company's hands several years ago.

AFTER SIXTEEN YEARS

Wealthy Hat Manufacturer Remarries his Former Wife.

New York, August 21.—William Allen Dunlap, who inherited a fortune from his late father, Robert Dunlap, hat manufacturer, has remarried his first wife whom he first married 24 years ago and from whom he was divorced in 1903. The remarriage took place in Salt Lake City, Utah, 10 days ago, and as a wedding gift upon the renewal of the romance of the early years Mr. Dunlap gave his bride a check for \$500,000.

DISCUSS DIFFERENCES

Actors and Managers Have Friendly Conference.

New York, Aug. 21.—Representatives of the Actors' Equity Association and the Producing Managers' Protective Association met Tuesday for the first time since the actors' strike began in a conference called by playwrights for a "frank and friendly discussion" of their differences.

Recognition of the Equity Association was found to be virtually the only obstacle in the way of a settlement, it was announced. Equity representatives denying vigorously that a "closed shop" was demanded by the union. A second conference will be held.

The twentieth playhouse was closed by the strike when the Henry Miller theater, showing "La La Lucille," was added to the list of "dark" houses.

CONFIRM NOMINATION

Pennsylvania Man is Now Legally Attorney General.

Washington, August 21.—The nomination of A. Mitchell Palmer to be Attorney General has been confirmed by the Senate without opposition.

Mr. Palmer's confirmation marks the end of a fight against his appointment which began at the last session of Congress and which concentrated about his administration of the office of alien property custodian.

THE Street meeting, Fairfield, will be held as usual Saturday evening, August 23d. This may be the last. Everybody come.—advertisement 1

MEXICO WANTS TROOPS REGALLED

Resents Our Cavalry Being Sent Across Border After Bandits.

AMERICANS PRESS ON

Mexican Ambassador Protests that Federal Troops will Punish those who Detained Americans.

Washington, August 21.—Mexican Ambassador Bonillas has been urged by the Mexican consul at Presidio, Tex., to obtain from the War Department an order for withdrawal of the American forces now in Mexico. The consul's telegram, made public at the embassy, said that as Mexican federal troops are in pursuit of the bandits which held two American aviators for ransom, withdrawal of the American troops would "avoid difficulties."

No request for withdrawal, however, had been presented to the department so far as could be learned Wednesday night. The Consul's telegram, under the date of Tuesday, read as follows:

"Colonel Langhorne informs me that the last American aviators landed near Palomir Station, where aeroplane remains. They were taken prisoners by 20 Villista bandits, who took them over the mountains near Cuchilla Parado toward San Antonio and Pilares, State of Chihuahua."

"Jesus Renteria, chief of the band, demanded \$15,000 ransom, which was taken by Kilpatrick from Candelaria, Texas, where the aviators remain to identify the bandits. Colonel Langhorne informs me that American troops will cross boundary in pursuit to avail themselves of the opportunity of capturing the bandits and for no other purpose. As General Pruneda is making the pursuit, I have notified Colonel Langhorne, so he may order the return of his forces, to avoid difficulties. Please obtain such an order from the department."

Tampico Bandits Caught

General Barragan, chief of the Mexican presidential staff, Wednesday notified the embassy here that the special police force of Tampico and the petroleum zone Monday captured the "group of bandits" which recently attacked American sailors from the gunboat Cheyenne. The same bandits, the telegram said, had attacked oil launches of the Texas Oil Company, the Aguila Company and the Trans-Continental Company. Agents of the police force, it was said, had left for Valles, San Luis Potosi, to investigate the murder of Peter Catron, the American citizen whose death at the hands of bandits resulted in the recent note of warning to Carranza government.

General Barragan in another telegram, made public by the embassy, said that the recent robbery of the Tuxpam office of the Fenn-Mexican Company was not by bandits, but by inhabitants of Tuxpam, four of whom had been arrested and found to be employees of the company. A portion of the money stolen was recovered.

To avoid possible contact with American troops on the trail of bandits in Northern Mexico forces were not sent after the bandits which captured Lieutenants Davis and Peterson, the War Department was advised in a telegram sent Tuesday by Major General Dickman, commanding the Southern Department.

A GREAT PROCESSION

Six Miles Long if Highway Forces were to Parade.

If the automotive equipment and horse drawn vehicles employed this summer by the maintenance forces of the state highway department were placed in parade formation the procession would be six and one-third miles in length.

Not only has the state highway department broken all records in the total road mileage advertised for construction and in the total of new mileage on which construction has begun, but the maintenance forces of the department during the 1919 season will have completed more work than in any previous year in the history of the state.

The maintenance division this year had under its direct care and supervision 10,000 miles of roadway in Pennsylvania. This mileage includes state highway and state-aid highways.

MEXICO PROTESTS

(By Associated Press)

Washington, August 21.—The Mexican ambassador here has been instructed by his government to protest to the State Department against the dispatching of the American troops across the border and requesting their withdrawal according to a statement issued at Mexico City today.

It was said at the State Department today that no protest had been made by Ambassador Bonillas.

REPRESENTS UKRAINIA

JULIAN BATCHINSKI

WASHINGTON.—Julian Batchinski, prominent Ukrainian political writer, has arrived in Washington to negotiate for recognition by the United States of the Ukrainian republic, and to prepare for development of commercial relations between this country and Ukraina. He was sent to this country by Gen. Simon Petlura, leader of the Ukrainian peasant army which is fighting the Bolsheviks.

NOW IT IS THE STEEL WORKERS

Take Their Turn Talking Strike. Gompers to Conference.

Youngstown, O., Aug. 21.—Whether a nation-wide strike of iron and steel workers, will be called depends upon a conference which the union leaders hope to obtain within the next ten days with representatives of the United States Steel Corporation.

If the corporation officials refuse to meet the union representatives a conference committee of six representing the 24 unions involved, headed by Samuel Gompers, president of the American Federation of Labor, is empowered to call a strike forthwith.

This sums up the conference of representatives of the unions affiliated with the American Federation of Labor, which Wednesday canvassed the vote of unions on the question of calling a strike, as announced Wednesday evening by W. Z. Foster, member of the conference committee and spokesman for the unions. Without giving exact figures Mr. Foster stated that 98 per cent of the workers voting on the question had voted in favor of a walkout.

Talk of Conference

In the absence of Mr. Gompers, who is returning from Europe, Mr. Foster intimated that other members of the conference committee might proceed to arrange for the meeting with representatives of the steel corporation. He said, however, that Mr. Gompers is expected to arrive within a day or so, in which case Mr. Gompers may conduct the overtures himself.

E. H. Gary, chairman of the board of the United States Steel Corporation, probably will be first approached on the subject of a conference to take up the twelve basic demands of the unions, Mr. Foster intimated.

The conference committee, Mr. Foster stated, is to hold another meeting within a few days when the method of approaching the steel corporation will be determined.

UTAH TO SPEND \$8,000,000

Part of Money is to Be Spent for Improvements on Arrowhead Trail to California.

The state of Utah has decided to spend about \$8,000,000 on roads in the next two years, with an expenditure this year of about \$2,000,000. Some of the Utah millions, which are made up of state and federal funds, are going to be used on the development of the Arrowhead trail, which is tributary to all parts of southern California, from San Diego and Imperial valley on the south to Fresno and San Luis Obispo on the north.

\$300,000,000 FOR HIGHWAYS

Sum Which if Capitalized at 5 Per Cent Would Represent Investment of \$6,000,000,000.

Government road officials estimate that road construction and maintenance in the United States involve an annual outlay of over \$300,000,000, a sum, which, if capitalized at 5 per cent, would represent an investment of \$6,000,000,000. There has never been a nation-wide traffic census to show either the direction or volume of traffic over these highways.

Roads Must Be Linked Up.

If we are to keep costs down, our highways must be linked up and there must be through trunk lines provided to which feeders can be built.

Lower Hauling Costs.

Hauling costs are lowered by good roads because the size of the load is limited by the worst spot in the road.

MORE STEEL MEN STRIKE

Objectionable Riveter Causes Trouble at Sparrow's Point.

(By Associated Press) Baltimore, August 21.—Between 400 and 500 more members of the Iron Workers' union to-day joined the strikers at the Bethlehem Shipbuilding plant at Sparrow's Point, where 5,000 men are now out to force the company to discharge an objectionable riveter.

According to Bethlehem officials the union men have broken their contract and say that officials of the Metal Workers Trade Union advised the men to go back to work as they had violated their agreement with the company. This the men refused to do.

LEADERS DIVIDED

On Provisions of Peace Treaty. Reservations Problem.

Washington, August 21.—Democratic Senate leaders apparently divided over the expediency of the compromise provision for ratifying the Peace Treaty with reservations decided not to ask action of Senator Pittman, Democrat, Nevada, embodying the compromise plan.

Impression was given that the measure might be permitted to lie over indefinitely.

The decision was taken after Senator Pittman had made clear that in introducing the reservations he acted on his own initiative. Senator Hitchcock, administration leader, announced that it was not regarded as inspired by the administration.

In the meantime Republican leaders say they are ready to vote despite the fact that certain Republican groups want them to incorporate them in the ratification itself.

PATHFINDERS FALL

Plane with Aerial Convoy Lands at Lebanon.

Major W. L. King, flight commander of the All-American Pathfinder fleet of U. S. Army airplanes, enroute to Seattle from Mineola, was forced down at Lebanon Wednesday on account of motor trouble. The plane in landing at Weavertown, two miles north of the city, was almost completely wrecked and both Major King and his assistant pilot, Sergeant N. W. Johnson, were painfully injured.

Four other planes of the fleet, which had been at Lebanon since Saturday because of heavy rains, resumed their flight westward Wednesday.

IN MEMORIAM

In loving remembrance of my dear sister, and our daughter, Miss Wilda Elizabeth Day, who departed from this world one year ago to-day, August 21, 1918.

Rest on dear sister, thy labor's o'er,
Thy willing hands will toil no more,
A faithful sister, but true and kind,
A better sister we could not find.

Her gentle smile, her loving face
Are hidden from us in her resting place;
Her memory is as dear to-day,
As on the day she passed away.

Through pain, at times she'd smile
A smile of heavenly birth,
And when the angels called her home
She smiled farewell to earth.

Heaven retaineth now our treasure,
Earth, the lonely casket keeps,
And the sunbeams love to linger
Where my darling sister sleeps.
By her sister, Miriam M. Day

Farewell dear daughter, you are at rest,
And will forever be;
You could not stay here on earth with us,
But we can come to thee.

Our home is sad and lonely,
And the days seem so long
Without our dear sweet daughter,
Who has gone to her heavenly home.

By her parents,
Mr. and Mrs. T. F. Day

SOLD BEER; LOST LICENSE

Judge Revokes Permission After 2.75 Beer was Sold.

Clearfield, Pa., August 21—Judge Bell Tuesday revoked the retail liquor license held by Jacob Snyder, of Blue Ball, this county, for selling 2.75 per cent beer. This is the only case known of in this section where 2.75 beer has been sold. When called before the court, Snyder said that he did not know whether or not it was a violation of the law to sell 2.75 per cent beer and Judge Bell replied: "Then I will satisfy your mind on that point by revoking the license granted you by this court."

Whiskers Explained.

The early Jews were literally long on whiskers and made good use of them. The Jew's beard was a sort of standing notice to the world concerning his state of mind. If everything was propitious—wife and children well and business good—his beard was combed out and perhaps oiled. But if trouble had entered his family, his beard was a mere tangled mass of hair. The condition of the whiskers indicated the existence of other conditions.

TO LET MORE CONTRACTS

Highway Commissioner Opens Bids on 63 Miles of Road.

Within the next few days State Highway Commissioner Lewis S. Sadler will let contracts for a total of 63 miles of State Highway. The bids were opened Tuesday and the low bidders show the work, if let on that basis as is in nearly every instance the case, will cost in all \$2,949,520.83. The bids are now being tabulated and worked out in detail by Assistant Commissioner Biles, who will announce the results within a very short time in order that there may be no delay in starting the work, which will be completed for the most part before the snow flies the coming winter.

BITTEN BY COPPERHEAD

Man Walks Seven Miles Over the Mountain.

Lewistown, Pa., August 21—Lloyd Briton, of Granville, is suffering from the bite of a copperhead snake. While working for the Vincent Lumber company in the Licking Creek valley he reached for a stone and a snake that lay coiled nearby struck him on the fleshy part of the middle finger of his right hand. Briton was alone and crushing the wild indigo plant he made a poultice for the wound, then walked seven miles across the mountains to the office of a doctor. The arm is badly swollen.

Screen Actress Asks \$100,000 for False Arrest.

New York, August 21—"You are my Grecian baby doll! You are fairer than a thousand Venuses." These and other endearing terms, Miss Ray Emory, screen actress, alleges was the cause of breaking up the "Ray Emory Productions, Inc." by its president, Alexander Collis, of Newark, N. J.

Collis caused her arrest on a charge of forging his name to two shares of her stock in a transfer to Dr. J. H. Trainor, of Newark, N. J. She was held for five days in the Jefferson Market Court.

Miss Emory has just brought a damage suit for \$100,000 against Mr. Collis for false arrest and injury to her reputation.

ARREST STRIKERS

State Police at Butler Nab Men after Fight.

Butler, Pa., Aug. 21—Twenty seven striking shopmen of the Standard Steel Car Company's plant here were arrested Wednesday morning after a fight with State police when they held up and attempted to beat non-union workmen on an interurban car, five miles from the works. The non-union men were enroute to the plant when the attack, similar to that of Tuesday, in which a score of persons were injured occurred. At the county jail guns were taken from a dozen of the prisoners.

BOOTLEGGERS ARE HELD FOR COURT

Reading Man and Companion Sold Whiskey and Gin in Steelton.

Steelton, Aug. 21—John Flamisch, a Reading hotel proprietor, and Jesse W. Long, of Shillington, a small town near that city, were each held under \$750 bail for the United States court by Commissioner John A. F. Hall, on charges of violating the war-time prohibition law prohibiting the sale of distilled liquors.

The two men, it is alleged, brought quart bottles of whiskey and gin to Steelton last Thursday, Friday and Sunday, and sold it at \$4 to \$5.50 a quart. Both made written confessions to Chief of Police Hiram P. Longaker, at Steelton. These were produced at the hearing Wednesday morning.

Long, it is alleged, bought the whiskey from Flamisch, who has a liquor license for 941 Chestnut street, Reading, then brought it to Steelton.

On Sunday Officer Dmitar Kajganic, of the Steelton force, who had been told by the chief to watch for illegal liquor sales, caught the two men in their machine with a suitcase containing eleven quarts of whiskey, in the rear of the auto. He placed them under arrest, and testified before Commissioner Hall that on the way to headquarters he was offered \$200 if he would release them.

And yet wise men learn much from enemies.—Aristophanes.

Matter of Adaptability.

Adaptability works toward contentment; to fit ourselves willingly and cheerfully into the changed conditions that exist today in countless homes throughout this broad land means the lifting of another heavy burden from the heads of the households. Many things in our way of living which we would have once called essentials we now regard as useless, taxing our time and resources. And yet we can live fully, pleasantly, even more smoothly than in other days.—Exchange.

REMOVE CAUSES OF WAR

By EX-PRESIDENT WM. H. TAFT.

Since the prime object of the League of Nations is to preserve peace—and to reap the benefits of peace—let us see how the League will operate to accomplish that purpose.

In the first place, it will seek to remove the main causes of war. By the formation of an international court it will create a means for the peaceful settlement of disputes between nations. Then it will seek to compel the nations to make use of this court. This is nothing more nor less than an application of the rules and customs governing private individuals in civilized communities to the relations between nations.

Secondly, the League will seek to remove a great temptation to war by the general agreement to reduce the size of armies and navies. This will halt the race for military and naval supremacy which was largely responsible for the war just ended. The amount of armament any nation may maintain will be strictly defined. Thus it will be impossible for one country to overwhelm its neighbor by unexpected attack. In the way that Germany crushed Belgium and would have crushed France had not the other democratic nations gone to her aid. The idea is, that each country may keep an army and navy large enough to enable it to fulfill its responsibilities as a member of the League, but no larger. The United States, for example, probably would be expected to keep a check on Mexico and the state of constant turmoil in that country would be taken into consideration in deciding how large an army we should need.

The third important safeguard which the League will set up is a system of penalties. This will make an outlaw of any nation or group of nations which goes to war in violation of the rules of the League. The outlawed nation will be boycotted by all the other members of the League and will find itself cut off from both business and social communication with the rest of the world.

SURPRISE PARTY

Held in Honor of the Birthday of Mrs. John Arentz.

A very enjoyable surprise party was held at the home of Mr. and Mrs. John Arentz in honor of Mrs. Arentz's birthday on Thursday evening. Those present were: Mr. and Mrs. John W. Arentz, Mr. and Mrs. Alfred Rinehart, Mr. and Mrs. Augustus Dayhoff, Mr. and Mrs. Jerome King, Mr. and Mrs. Charles Little, Mr. and Mrs. William Bair, Mr. and Mrs. Thomas Sheely, Mr. and Mrs. Albert Breighner, Mr. and Mrs. Joel Schwartz, Mr. and Mrs. William Sontz, Mr. and Mrs. Albertus Rudisill, Mr. and Mrs. Albertus Spangler, Mr. and Mrs. Harry Breighner, Mr. and Mrs. John Zimmerman, Mrs. Harry Little, Misses Anna Foulk, Carrie Dayhoff, Gail Zimmerman, Veta Sowers, Mildred Sentz, Estella Olinger, Rebecca Dayhoff, Bessie Rudisill, Sarah Foulk, Janette Arthur, Beulah Sontz, Elizabeth Spangler, Margaret Breighner, Pauline Little, Catherine Breighner, Dorothy Spangler, Pauline Spangler, Blanche Zimmerman, Ruth Sheely, Anna Breighner, Grace Zimmerman, Gladys Rudisill, Helen Zimmerman, Leona Arentz, Ada Zimmerman, Alta Zimmerman, Catherine Spangler, Charles Dayhoff, Arthur Boyd, George Spangler, John Hartlaub, Claude Rudisill, Clair Foulk, Vernon Myers, Vernon Straley, Miles Weikert, Lester Spangler, Dennis Hartlaub, Paul Straley, Jacob Haverstick, Melvin Little, Herbert Schriver, Albert Schultz, Raymond Foulk, Irvin Arentz, Clarence Spangler, Raymond Dayhoff, Burnell Trostle, Howard Rudisill, Paul Hartlaub, Kenneth Little, John Sheely, Ross Schwartz, Roy Hartlaub, Robert Spangler, Meredith Schwartz, Foster Zimmerman, Merrill Breighner, Harry Zimmerman, Paul Breighner, Edward Olinger, Parr Breighner, Herbert Arentz, and Harry Little Jr.

LIBERTY HALL

Liberty Hall—Mr. and Mrs. Henry Sandoe, of Biglerville, and son, Corporal George D. Sandoe, of New York, were recent visitors here.

Mr. and Mrs. James R. White and children, George, Joanna, Ruth, Margaret and Frances, of near Seven Stars, spent Monday with Sherman Sites and family.

Misses Mary and Dorothy Sowers spent Thursday with Miss Rosanna Sites.

Misses Margaret and Elizabeth Seabrook, of Fairfield, spent the weekend with friends in this neighborhood.

George White and sister, Miss Ruth White, are spending some time with their grandparents, Mr. and Mrs. Sherman Sites.

Mr. and Mrs. Jacob Bensyl and Mrs. Margaret Riffe spent Sunday afternoon at the home of Charles Slaybaugh.

George F. Sites left on Friday for Pittsburgh and other cities.

Unmistakable Signs.

Charles was looking through the hedge at the new neighbors who had just moved into the house next door. Suddenly he turned and ran in to his mother and said: "I bet the kid that's moved next door is a good sport, all right. He has freckles and has his big toe done up in a rag."

An Internal Treatment
For Piles (Hemorrhoids)

Gives absolute relief from all pain and suffering. Has never failed. Guaranteed.

Many people have become despondent because they have been led to believe that their case was hopeless and that there was no remedy for their case.

Go to your druggist and get an original bottle of Miro Pile Remedy, the discovery of a clever Ohio Chemist, that taken internally, passes unchanged through the stomach and intestines, and thus reaches the source of the trouble where, by its soothing, healing, antiseptic action, it first allays and then by direct contact with the ulcers and piles causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days, even in cases that have resisted all previously known treatments really wonderful results have been accomplished. It is one of the wonderful discoveries of recent years and anyone who is disappointed with its use can have their money refunded.

People's Drug Store dispense Miro or can get it for you on short notice.

IMPORTANT—What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription.

SAYS THERE'S NOTHING LIKE HOWARD'S BUTTERMILK CREAM FOR BEAUTIFYING THE COMPLEXION

This Good Looking Young Woman Advises Old Time Recipe of Buttermilk Cream in a New Way—A Gentle Massage with Fingers Before Retiring All That Is Necessary.

The old-time application of Buttermilk and cream to whiten and preserve the skin and remove harsh little wrinkles and ugly sallowness is grandmother's recipe and women throughout the country are again using it to ensure a beautiful complexion and snow-white hands and arms.

Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk and combining it with a perfect cream, which you can buy in small quantities ready to use at any first class drug store by simply asking for "Howard's" Buttermilk Cream.

No matter whether you are troubled with wrinkles, hard little lines around the mouth and eyes, coarse, sallow, faded looking skin, or simply roughness and redness caused by wind and sun, you will find that all these trials

quickly disappear with the use of this old-fashioned beauty recipe brought up to date.

Beautiful actresses say, "A short massage with Howard's Buttermilk Cream at night before retiring is all that is necessary."

People's Drug Store can supply you.
